

## Barry Bookbinder Equipment List

Email: [barry@barryandthebookbinders.com](mailto:barry@barryandthebookbinders.com)

Barry plays a Musicman 5 String Bass through a Walter Woods 650 watt amplifier.

He typically plays through a Bag End 2x10 speaker cabinet, but for larger venues he can play through an SWR 2X10 speaker cabinet combined with an SWR 1X15 speaker cabinet.

Barry also owns an entire P.A. system consisting of a Mackie 16 channel mixer, a Crest power amp, a QSC power amp, 2 Yamaha 1x10 speaker cabinets, and 2 Yamaha 1x10 floor monitors.

In addition, Barry uses a Sennheiser wireless system so that he can interact freely with the audience and travel to different points in the room to check volume and blend.
